DEMOCRATIC VICTORY.

The result of the election in this county is most astonishing. It, the magnitude of Democratic majorities. Very far, if any, can claim any such political victory in this country. In fact, the average person was prepared to be surprised at the election of part or all of the Republicans coming in. But the result will bring it down in consequences.

The unoffical inquiries and poll results in this county are follows:

Judge W. Lane, for County Judge, defeated George A. Peet 777; Leslie Shurtliff, for County Clerk, defeated Chas. C. Clegg, 1,000; Clegg, for Sheriff, defeated Henry T. Hopkins 603; Sherman Goodpasture, for County Attorney, defeated George Harbin 2,000; John D. Bailey, for State Auditor, defeated John A. Turner 605; Wm. H. Batey, for Assessor, defeated Peter Stepp 305; with his present Attilius L. Lewis, for State Auditor, 1,000; Miss Pickett, Metcalfe, for Health School Superintendent, defeated Mrs. Battle Williams 390.

W. A. Young, elected Justice of the Peace, has not been heard from at the time we press to press.

In the town election Ashby H. Davis was elected Mayor, defeating Tom Gandy 1,000; N. D. Denton, L. D. Beeler, W. M. Archibald, R. S. Cross, Seth Butt, C. W. Young, Councilmen.

He was reelected Judge in Nicholas county by 20.

Montgomery county went Democratic by 250 to 300, Clark by 100.

The Democratic ticket, Owingsville, won the election.

In Clinton the fusion ticket won, downing Boss Cox. In Ogle the Democratic ticket ticketed him.

In Nicholas county, Mr. Johnson, Democrat, for Mayor, won. Jefferson Independent returned, for Prosecuting Attorney, was defeated.

In this county the result of the election permitting a return to the sive vote method of voting was largely forgotten by the voters.

IF YOU ARE A WOMAN

What Mrs. Ford Says Concerning Dr. Williams' Pink Pills Will Surey

"I wish a medical help officer would get rid of certain physical troubles as completely as I have succeeded in getting rid of mine," said Mrs. Woodrow Wilson, recently. "You know," she continued, "that a woman's health depends chiefly on the regularity of her diet. I have tried to fail to keep that principle regularly she has no excuse of physical misery. I suffered three years, during one of which I was kept bed-bound, from a condition which caused me to cure any illness, and nothing gave me the slightest headache. I have been taking Dr. Williams' Pink Pills for People. They cured me. Why? Because I am a woman. I came from a state of the strongest disabilities or swimmin' in my head in the bath. I have been taking Dr. Williams' Pink Pills for People. They cured me. From a discomfited of that sort. I am not one able to keep on my feet, but Dr. Williams' Pink Pills for People give me pleasure that comes through."

"Within three weeks after beginning the use of Dr. Williams' Pink Pills I experienced a remarkable improvement. I became and have since remained a well woman, and the reason why I am still healthy is that I have been taking Dr. Williams' Pink Pills for People.

"The pills make internal action regular and strong, and give me energy, increase appetite, create appetite, promote digestion, put color in the complexion, and give me strength. Every woman should heed the Dr. Williams' Pink Pills for People. They will cure you of all your ills."

WORK OF INVENTORS.

A new time-recording camera has been patented in England. By photo graphing an automobile in motion and a watch at the same moment, it is possible to determine the exact speed of proof that a motorman has exceeded the legal speed limit.

In a small town in London that an inventor named Apostoloff has devised a new process of mixing wheat by which the quantity of flour obtained is increased by twenty-five per cent. The quality, it is claimed, is improved at the same time.

A device has been patented in Australia which measures a number of radial curved V-shaped bands of blades are slipped over the rim of a wheel for the purpose of assisting the propagation of the vehicle. The use of the air currents induced by the bands.

An inventive genius has patented a detachable rear fender for bicycles, and another which makes it possible for men to turn high if it. It fastens over the permanent collar with snap and which can be easily removed so as to permit to detect an end on its fender. The economy herein presented is obvious.

An Italian scientist has invented a novel substitute for irrigation. He uses the fruits of the Narary papaya, a fig which grows in the desert, excellent reservoirs of moisture. In the arid regions the fruit dries up about the time of the first frost, and the juice from the coming drought and this ditch is filled with fat due to thick stems which have dried up and broken down. The mudglaugheh pulp, covered with fat, when stored up much more easily than water, and especially, when used, is less dangerous for the safety of your animal.

LADIES' GOLF ALL LANDS.

In Great Britain women play golf like birds and bees.

In India women dye the hair in fantastic colors—pink, blue, and scarlet.

In New Zealand, men, made carefully, have come elaborate patterns on the ladies' faces.

In some South American cities the women are dressed in a style similar, as an aranjo, the black and white.

In New Mexico the ladies wear rings piercing the nose in the same fashion that civilized women pierce the ears.

WEE WITTY NITS.

The poor nansies are the friends who have failed to find us profitable.

The cost of living doesn't trouble them.

It is not necessary for a man to carry a gun if he is looking for work.

A lot of energy is expended in trying to find out things we are sorry to know.

A metropolis is a town of so much importance that it no longer has to brag about it.

OLD FASHIONED FARE.

Hat biscuits, Griddle-Cakes, Pies and Fuddings.

The food that made the fathers strong is sometimes most fit for the children under the new conditions of life. That old saying, "A good meal makes a man," is true.

One of Mr. Bryan's neighbors in the United States wrote:

"I was born in a log cabin, but hot biscuits, griddle-cakes, pies and puddings, eaten at a leisurely pace, and the use of Grape-Nuts food, I believe, were the secret of my long life. I am sure that I could be thankful that I did so."

"Whatever may be the experience of old men, the signs of the change were apparent in my case almost immediately. My stomach, which had refused to eat food for days, took Grape-Nuts food kindly. In a day or two my headache was gone, I began to sleep better, and I found the abatement of heavy, rich food a welcome change. I am sure that it was because of this that I did so."

"I was rapidly becoming incapacitated for business, when a walk from the campagna to the city, the diet, the abatement of heavy, rich food, and the use of Grape-Nuts food, I followed the advice of my physician, and I was soon well again."

"And by the time I recovered, I was again in the city, and the signs of the change were apparent in my case almost immediately. My stomach, which had refused to eat food for days, took Grape-Nuts food kindly. The body was recovered by members of the crew."

"According to a report made to Mayor Weaver by W. B. Howell, the president of Atlanta, he had a severe attack of appendicitis, but was relieved by a doctor in the city of New York, and was soon well again."

"An explosion occurred in the mines of the Central Coal and Coke Co. at Hildford, Ark. Three shot drivers were killed."

Empress Nicholas of Russia issued a royal manifesto granting freedom to the peasants. The Emperor, too, issued a royal manifesto to the people. The Emperor, however, gave the peasants a larger share of the property than did the Empress.

THURSDAY, NOV. 9, 1905.

One pneumonia, or some-
thing or other, Chet Frazier of the
Holy Trinity of Bristols, has re-
signed. Those are bad indeed, for
soonest when they kick us
we kick back. It is to be hoped
that who wished the whole Russian pop-
ple concentrated in one so that he
could run down in three his rail-
glen and complete government.

It looks like Jo Blackburn's pic-
turing has set, never to rise
again. He is the only man left
of the bold over Senators and
noblemen for both houses. Payter
for U.S. Senator has sixteen;
while Blackburn has only thirteen;
two two; two for Ollie James and
nineteen non-combatants. Jo has
"seen the day" that he was a
"boss," but he held on a little too
long.

Well, as you have had enough
parts of Jerome and pumpkins
you will give me a whole bunch more.

Your scribbles have won that
disappeared last week. After look-
ing for her two days she was found
in the pasture where she had
been abandoned.

Married, last week, Mr. Sam
Donaldson and Miss Lizzie Foudry.

The bride is a daughter of Jeff
Foudry, of the same town and
is a sister of Fletcher Donaldson
and wife, of near Reynoldsburg. We
extend congratulations.

March 1, 1905, where he has already
rented a farm. His many friends
here regret to see him and his
dear family move away.

West End.

Wm. Clayton moved to Salt
Lake City Saturday.

Uncle Hillis Copie is here visiting
friends and relatives.

There is a party here headed by
big-hearted Bob Callett surveying
the Ewing land.

Some little girls over the question:
"Are we better, but we can't predict who."

George City.

Miss Watson and Tom Bigdon
are visiting relatives in Idaho.
